The Honorable Blaise Ingoglia  
420 East Jefferson Street  
Tallahassee, FL 32301

Dear Chairman Ingoglia,

I am writing you because I believe that our Party is being deceived into allowing a Clinton liberal access to our leaders, staff and financial resources. As I will outline below, Ashley Moody is not a candidate we can trust but instead a true liberal and proud of it.

I call your attention to the following:

- Press accounts which demonstrate the **Moody family's long relationship with the Clinton family and their allies**, including Moody's father who received a lifetime appointment to the federal bench from Bill Clinton.
- **Moody was as an assistant and speechwriter to left wing American Bar Association President Martha Barnett**, a close ally to Hillary Clinton. She proudly represents this on her website.
- **Unbelievably, Ashley Moody sued Donald Trump for fraud.**

As a candidate for Attorney General I encourage conservatives to stand up and fight for the Constitution, the rule of law, and our platform of life and liberty. That includes taking on liberals who undermine our Second Amendment right to keep and bear arms, progressives who want open borders and sanctuary cities for illegal immigrants, and those who threaten our relationship with President Donald J. Trump. As we choose our Republican nominees in the 2018 elections, we must elect conservatives who are ready to fight.

During the first week of January, Florida Republicans will gather in Orlando for our annual meeting. **I believe that it is in the party's best interest that Ashley Moody, a closet liberal and Clinton ally who has sued Trump, be denied access to our meeting.** The 2018 election ballot is absolutely critical from top to bottom and we simply cannot waste time with candidates who have to hide their past involvement with the Clintons in order to win.

**I am asking that our party leadership refuse Ashley Moody access to the annual meeting and immediately discontinue RPOF's indirect support of her campaign through party resources including the non-allocable in-kinds for staff support that already total over \$23,000 as of the November 2017 report.**

Thank you for your consideration of this important request.

Jay Fant  
Republican Candidate for Attorney General
